Best Execution and Execution factors	<p>For above indicated products, GarantiBank NV has worked with two different institutions. For all securities & DR's (except those that are traded in Turkish stock exchange), GarantiBank NV has routed client orders to J.P. Morgan AG, which provides us access to execute our clients' orders in financial markets, as we do not have direct access to these markets ourselves. For the securities & DR's traded in Turkish stock exchange, GarantiBank NV has routed client orders to Ata Yatirim Menkul Kiyemetler A.S. (Ata Invest Securities), which provides us access to execute our clients' orders in financial markets, as we do not have direct access to these markets ourselves</p> <p>Providing a good execution requires a careful consideration of weighing different execution factors like price, cost, likelihood of execution and settlement, size and nature of the order, speed of execution and execution venue. GarantiBank NV considers the price of the financial instrument as the most important above of all others.</p> <p>J.P. Morgan AG and Ata Yatirim Menkul Kiyemetler A.S. were selected with their abilities to provide high quality execution service to GarantiBank NV and comply with our best execution criteria in above-mentioned products, considering also our trading volume, we are satisfied with their services provided to the best interest of our clients.</p>
Execution Venues	All trades are executed through J.P. Morgan AG or Ata Yatirim Menkul Kiyemetler A.S.
Information on close links, conflicts of interest and common ownership	There are no close links, conflicts of interests, and common ownership with respect to the brokers used to execute orders.
Specific arrangements with the venue regarding payments made or received, discounts, rebates or non-monetary benefits received	GarantiBank NV does not have any specific arrangements with any external execution venues or brokers used to execute client orders relating to payments made or received, discounts, rebates or non-monetary benefits received. Execution fees to external venues follow official pricing schemes.
Changes to execution venue(s)	The list of execution venues are still the same.
Explanation of how order execution differs according to client categorization	(GarantiBank NV does not offer any financial instruments to retail clients.)
Data or tools used relating to the quality of execution	The quality of execution is ensured by monitoring tools. Use of data on quarterly reports for execution venues under RTS 27 were limited.

Best Execution and Execution factors	<p>All fixed income orders from clients are collected through our internal Treasury Order Management system (TOM) and then executed through Bloomberg's trading venue BTFE system or over-the-counter (OTC) markets on a matched principal basis (i.e. same price executed on MTF).</p> <p>Upon receiving the order, the Desk checks the best executable quotation among multiple counterparties, who either provide quotes at Bloomberg BTFE system or make OTC prices.</p> <p>During the execution, we consider multiple factors such as price, speed of execution, likelihood of execution, size and nature of the order, likely market impact and any other factors deemed relevant. The bank considers the price of the financial instrument as the most important factor, as followed by speed and likelihood of execution.</p>										
Execution Venues	<p>GBI uses the RFQ system of Bloomberg BTFE. It allows to identify and select the different counterparties we wish to obtain quotes from, before concluding the trade with the selected counterparty on BTFE's RFQ system. For the RTS 28 reports to accurately reflect GBI's venue selection process and order execution policy and behaviour, and to provide an accurate picture of our order routing, we also disclose the identity of the (five) counterparties we most commonly execute against together with the proportion of volume traded with each of these counterparties as a percentage of the total in that class of financial instruments.</p> <p>Top 5 counterparties, in this respect are as follows:</p> <table border="0"> <tr> <td>Barclays</td> <td>19.50%</td> </tr> <tr> <td>Credit Suisse AG</td> <td>18.20%</td> </tr> <tr> <td>Citigroup</td> <td>14.30%</td> </tr> <tr> <td>J.P.
